Leaders who approve *People Development*:

- ◆ >90% of participants evaluate the seminar:
...*sense of calling/commitment*...increased.
...*level of inspiration about goals* increased.
...*overall experience* was “A.”
- ◆ I developed and have tested the *Attitude-Ability Assessment* and the *Leadership and Empowerment Model* with executives, team members, and students for over 10 years. The assessment is more powerful than a employee satisfaction survey and supports evaluations and plans!
- ◆ My research reveals, organizations often seek to be “market leader” or “world class” with people who have “C” levels of commitment or confidence. I help them develop to A-B levels; results improve.
- ◆ You can sponsor this seminar in-house or sponsor two or more to attend a public offering and advise you on impact. If you want to know more about the model, application and value for your people and organization, I can call you. –David
