## Farm Menu for People & Plants

### Organic Food for Health & Energy

*We grow with native organic materials—NO harsh chemicals*

#### Fruits

- ❑ Perennials Planted: Blueberry, Mint, Pear, Plum, Fig, Apple, Nectarine, Persimmon, Pawpaw
- ❑ Growing for wildlife: Persimmon, Pawpaw, grass.

#### Veggies

- ❑ Annuals: Okra, Tomatoes, Snow peas, Cucumber, Squash...
- ❑ Shared with Horses: Carrots, Cucumber, Corn, Okra leaves, Watermelon

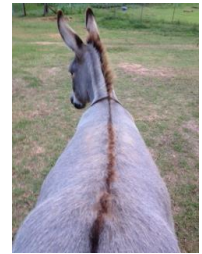

#### Heirloom Plants, Trees, and Seeds

- ❑ Mint—repels fleas, smells good on your pets, tastes good in beverages)
- ❑ Crawford “Tree” Okra (originals came from Kenneth Crawford, Slocomb)
- ❑ Elephant Ears (original tubers came from Ma’s farmhouse, Slocomb)
- ❑ Banana Trees (originals from Mom & Dad’s Lay Lake home, Shelby)
- ❑ Second Chance Seedlings: oak, cedar, pine (harvested from pasture instead of cut)
- ❑ Firewood: oak logs split, round, mixed. Also, fire pit wood for outside fires: pine, sweet gum.

#### Organic Equine Fertilizer

*(Patriot’s Poop: Horses or “Jerusalem Donkeys”)*

- ◆ Feed: grass, hay, veggies, fruit, grain (protein...)
- ◆ Water: pond water & county water.

#### Seminar with Planbook

- ❑ *Agricultural Sustainability and Personal Environmental Leadership* (here or at your college or school)

#### Your Options to Donate or Pay

- ❑ Donate to help Life Leaders donate healthy food to *nonprofits feeding animals and people*
- ❑ Donate to programs supporting horses, donkeys, dogs, cats, deer or other wildlife.
- ❑ Donate or pay fee to get consulting or materials for your garden, orchard, or homestead.

#### Know Your Farmer’s Practices for Providing Your Food—Triple D Plan

- ◆ Use natural, sustainable practices to enrich soil using wood chips/shavings, leaves, aged horse and donkey manure, grass clippings, kitchen compost, twigs...)
- ◆ Insect control: mint in dog & cat gardens, testing food grade Diatomaceous Earth.
- ◆ Weed control: wood chips/shavings, leaves, surface tilling until organic matter works better.
- ◆ Pesticides: NO harmful chemicals used that can get absorbed into food and you.
- ◆ Fertilizer: NO synthetic chemicals added, only organic material.
- ◆ Plant and harvest by hand.
- ◆ Planned: Back yard chickens for “Farm Fresh” organic eggs.
